

A close-up photograph of a pair of blue denim jeans. The image focuses on the waistband area and a large patch pocket. The denim is a medium blue color with visible vertical ribbing. Brown stitching is used for the pocket flaps, the waistband, and the belt loops. A small, light-colored tag is visible on the left side of the pocket. The text "PIBROCH 77" is printed in a bold, black, serif font across the center of the pocket.

# Dedication

Thomas Hyde  
Football, Track

Dale McClellan  
Basketball, Volleyball

This year we are proud to dedicate our annual to our coaches, Thomas Hyde and Dale McClellan. We often hear someone state that Highland has become more athletic than academic, but we feel this is true only to the extent that the student lets it. We have to remember that we cannot play sports if our grades are not good enough. We feel that these two coaches have enlightened the spirit, determination, and confidence in us that keeps us going strong. To us they have been teachers, parents, doctors, teammates, and last, but not least, "true friends." We realize we have let them down at times, but they have always come back even stronger. It is because of this that we feel the need to deeply express our appreciation to our coaches . . . our friends.

The Highland Student Body

## ***SUPERINTENDENT'S MESSAGE***

I would like to take this opportunity to thank the PIBROCH staff for taking on the responsibility of recording this year's history of Highland.

As Winston Churchill said, "Responsibility is the price of greatness."

Sincerely,

Paul D. Gothard

## ***PRINCIPAL'S MESSAGE***

May I congratulate the Annual Staff for this fine production of the PIBROCH.

These pages represent another step in your life and I hope as you look through the pages you find memories that are both enjoyable and beneficial. I wish for each H.H.S. student a happy and successful future.

Sincerely,

Thomas Hyde

# A Note From the Editors

*To try to describe in 112 pages what one year was like for 118 people here at Highland has been a lot of work. For each student on the grounds, memories of the 1976-77 year will vary. It has been our intention and our staff's hope to recapture as many of those memories and to portray as many different feelings about the year at Highland High as possible.*

JoAnn Monroe  
Editor

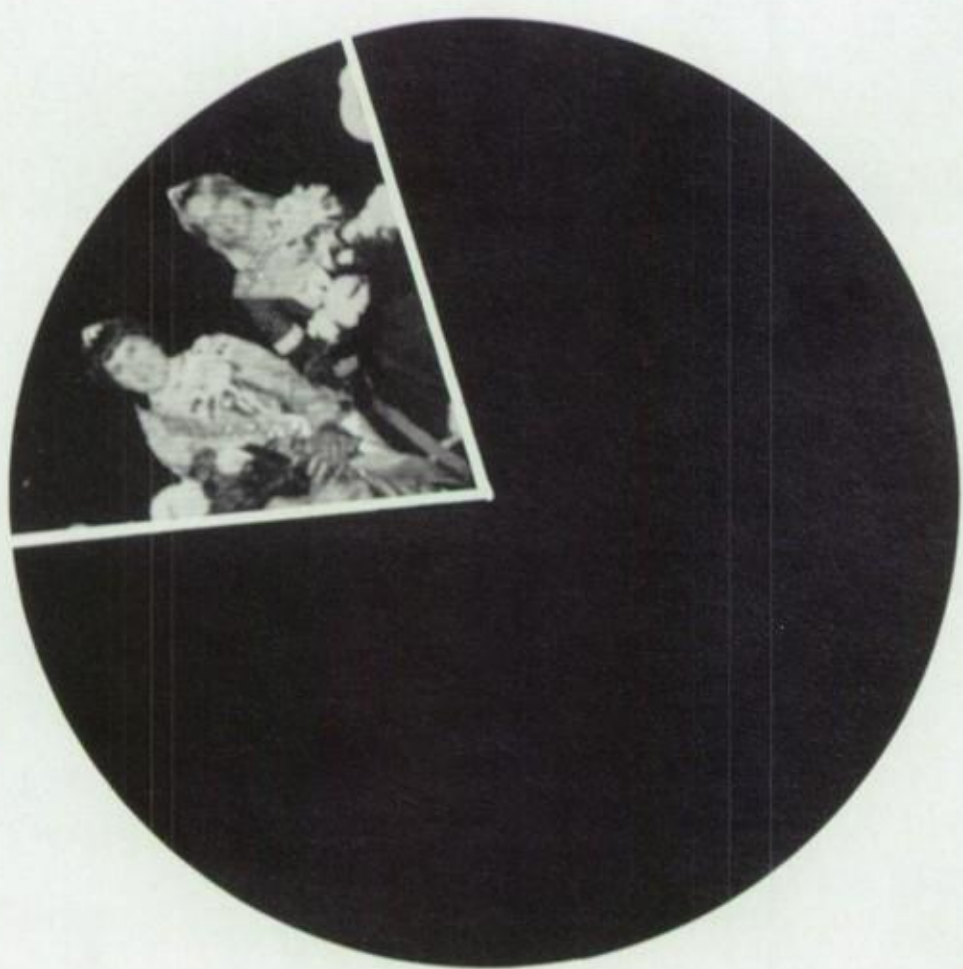

Mary Reyes  
Co-Editor

Hopefully it is more than a book of empty rooms, meaningless pictures, long class hours, and club activities. We would like to express our thanks to the annual staff, Mr. Gothard, and Miss Straub for all their help and cooperation and also to the students here at Highland for making this a year to fill our annual with.

With decorations complete, we view the only silence of the day.

Did you see yourself??

Burn those gorillas!!!

Renewing "old acquaintances."

FHA sponsors a welcoming tea.

"Homecoming 76" blasted off with a huge bonfire on Friday night. Saturday was filled with last minute decorations, registration, a tea, meetings, and visiting with HHS-exes. A plaque was awarded to Gene Green for traveling the greatest distance. Many exes attended the dinner catered by the Senior Class.

The spirit rose as the fans came to back the Hornets while they strived for a defeat over Trent. The air was cold and the fans packed the stands. Though the spirit of the fans endured, the power of the boys was just short of this. The Trent boys came up from behind in the close battle to end the game with a 22-20 victory over Highland.

V-I-C-T-O-R-Y!!!

The "Spirit of '76" is starting to rise . . .

Mr. and Mrs. Billy Muncy

LeeAnn Alexander

Crownbearers.

Nominees and their escorts.

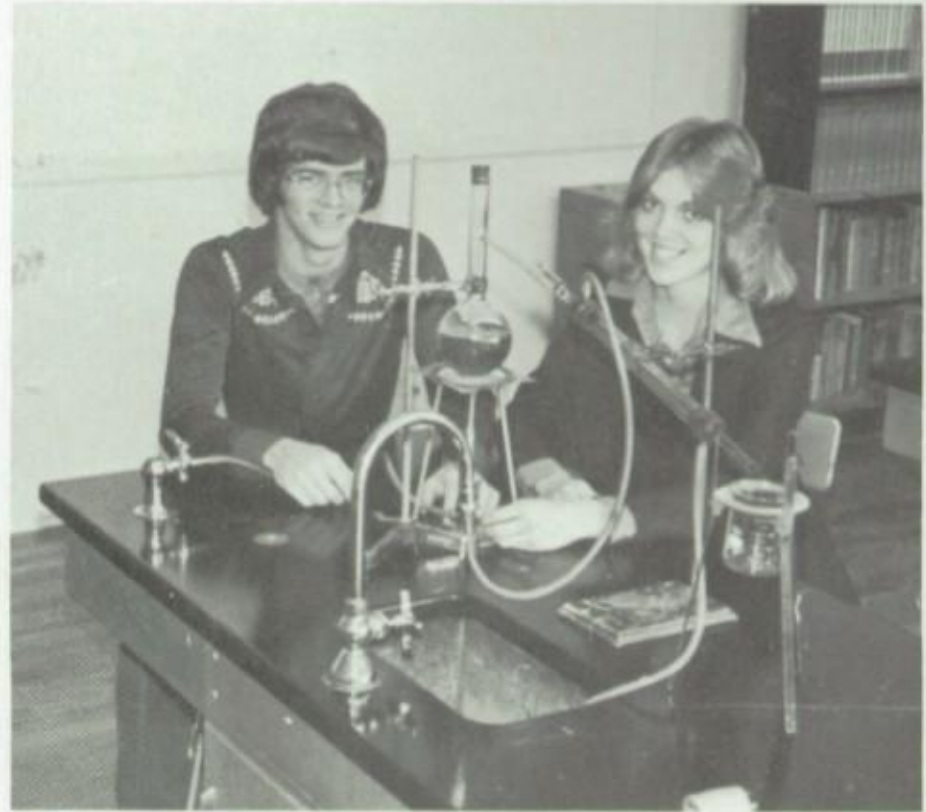

Congratulations! Gin and Billy!

At the half time we held our breath as we waited for crowning of the two queens. Gin Muncy from the "Class of 46" was crowned Coming-Home Queen and Lee Ann Alexander, the Sr.'s 77 Nominee was crowned Homecoming Queen. The crown-bearers were Danny Stewart and Melanie Parker.

These students are among our favorite people at Highland. They are voted on and elected by the students. The voting day is full of class interruptions by dear little 'ole Miss Straub, but we really don't mind, until she **KEEPS ON** coming in for run-offs. Finally after all the tension of the voting and after all the run-offs have ended, the **HIGHLAND PERSONALITIES'** list is pinned on the Bulletin board so we can see the results. We are proud to present the people of our High School that we think are most suitable for their titles.

# *A Day's Beginning . . .*

In the days beginning; it was the school year 1965-6 and the first grade class. There was a group of 15 "little rounders," beginning their long journey to day's end. The group included Felix Abrigo, Joe Albrigo, Ocanes Albards, Antonio Pantoja, Bobby Reyes, Rene Sanchez, Kenneth Saunders, Carey Scott, Dwayne Stewart, Denneth Tidwell, Lee Ann Alexander, Henrietta Belcher, Vicki Gilbreath, Jo Ann Monroe, and Debby Thompson.

When this class entered the second grade Kenneth Saunders, Kenneth Tidwell and Ocanes Albards had moved on to other locations. Felix Abrigo remained behind. Although the class lost four students, they gained four, too. David Althof, Vonnice Jo Pennel, Blanca Villafranca, and Dennis McDonall entered our school system.

In the third grade the group lost two and gained two. Maria Garcia and Ramona Venzor joined the class. But Maria Garcia only stayed a while and moved on as did David Althof.

In the fourth grade the class welcomed Shane Meeks and Elfie Perez and said "good-bye" to Ramona Venzor. Elfie Perez moved on as the group progressed into the fifth grade.

In the sixth grade the class was joined by Amy Martin, Mary McCure and Vicki Anderson.

But as the class entered the seventh grade, Mary McCrae was not along. In the eighth grade the class remained the same.

As the class moved into high school Dolan Thornhill, George Jenkins, Teddy Vruble, Sally Mitchell and Lisa Stewman joined the force.

Before the class reached their Sophomore year Shane Meeks moved to New Mexico, where he was killed in a tragic accident.

While trying to make it to their Junior year, the love bug hit the group. Sally Mitchell moved to Blackwell, where she married a "green hornet." That wild town of Sweetwater lured Dolan Thornhill away. Vicki Anderson moved to Hawley; Vickie Gilbreath to Odessa. Both found wedding bells ringing.

When the group reached their Senior year, they found that Henrietta Belcher had heard wedding bells also. As they complete this year, the group consists of Lee Ann Alexander, Amy Martin, George Jenkins, Teddy Vruble, Bobby Reyes, Carey Scott, Joe Abrigo, Lisa Stewman, Jo Ann Monroe and Debby Thompson Bankhead.

## *. . . and End.*

When the day's work is done, what do we see? Accomplishments of our past efforts are there. As students began their days of schooling, we have seen them study and work to prepare themselves to meet the future. But what DOES their future hold? There is no way of really knowing but, let us look into our "Future Scope" and see what we can find.

Lee Ann Alexander first comes into focus. She began preparing for her lifetime dream as a wee tot. Now we see her - a professional dancer - which takes nearly all of her time. We notice she has employed a housekeeping staff to run her mansion.

Among her staff members is Amy Martin. Through the years Amy has developed an interest in plants. Now, Amy's green thumb and "botany know how" is responsible for the beautiful landscaping at the Alexander Mansion.

George Jenkins apparently never got away from Maryneal. He was recently elected Mayor of this fine city. Serving under George as policeman we see Teddy Vruble busy keeping the ordinance of town. Teddy is helping to keep the noise off the streets by requiring that all vehicles have quiet mufflers.

Our own "Mad Scientist" Bobby Reyes, who has come into the picture has just won the Pulitzer Prize of 1985 with his recent accomplishment. Working in his Texas lab, he has discovered how to turn our lunchroom food into a rich man's delicacies - and accomplishment within its self.

As we turn now to the other half of our '77 graduates, we see that our own Debby Thompson, now Mrs. Wendell Bankhead, has become a young mother and homemaker. She recently organized the first Young Homemakers Chapter of Champion.

Another name still very familiar to us is that of Dwayne Stewart, who finally got his Agriculture Degree just in time to take Mr. Henson's place after retiring. We can see that Dwayne has thoroughly enjoyed continuing the Ag program Mr. Henson developed here at Highland.

Looking over on the greens, we see that Carey Scott has become a pro in the golf field. Even more enjoyable than golfing is his free time, when he can return to Maryneal and loaf around with his high school buddies.

Lisa Stewman has followed in the footsteps of her family. She owns the West Texas Ranch and can be seen feeding livestock, brushing calves, doctoring animals, and even fixing a fence. Yep, it's all in a days work.

Joe Abrigo is now employed as a traveling salesman for a janitorial supply company. He often steps in to see Jimmy Merket and offers a few suggestions for keeping Highland beautiful.

As our focus lens begins to tire out we see that Jo Ann Monroe who could never decide what she wanted to do, has become a truck driver. She still has that "going fever." Her CB handle "The Liberated Woman" can be heard cross country . . . That's a big - 10-4 - We gone now - Bye-Bye!

As Freshmen we get pushed around a lot, especially by those bullies, the Jr. boys. But we don't let them spoil our fun. We found out that High School is more hectic than anything we have experienced before, but it is also a lot more fun. We wouldn't give up this year for anything, or change it if we could.

# You Realize You're

. . . you help students realize that all stars shine, not just the bright ones.

. . . you know all of your students' family secrets.

. . . you can't find anything and you have a million papers to grade.

. . . you see a glow of understanding in a pupil's eyes.

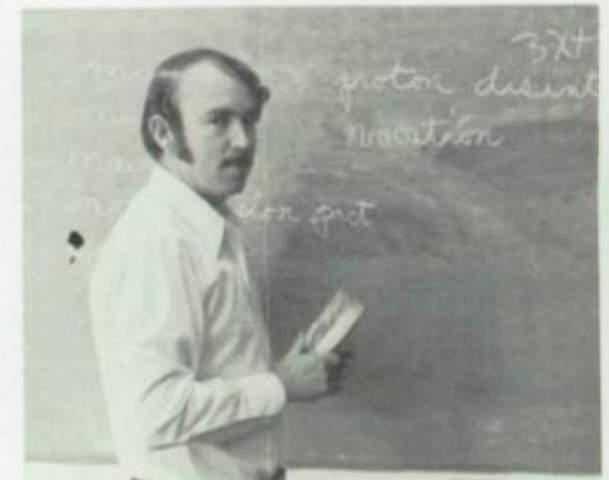

. . . you see the spark of understanding when a child catches on to fractions.

. . . you have to spend your whole weekend making lesson plans.

. . . you've got three weeks of homework to check in one night.

. . . it bothers you when your class does not show up.

. . . you realize that academic affairs are more important than sports.

. . . your nightmares involve spitwads, unanswerable questions, and 4 million ungraded tests.

. . . you assign a test during basketball season.

# a Teacher When . . .

. . . the stock shows and contests roll around.

. . . the confusion is gone, interest is shown, and the knowledge and understanding is displayed.

. . . you walk into the freshman class and all five of them holler "Miss Straub" at the same time.

. . . the audit committee walks in early one morning and you are a week behind in your registrars.

. . . you have one more program to right policies and procedures and objectives for.

. . . you have to read with the same reading group every day.

. . . you work for 20 faculty members and 118 students too!

. . . you have Homecoming and Halloween carnival in October and snow in November.

. . . the praise mounts as high as the food costs.

. . . you meet the students in town and they ask "what are we having for lunch tomorrow." There is certain satisfaction I get by pleasing most of them.

# SCHOOL BOARD

Dean Alexander  
Pres.

The 1976-1977 Board members meet on the second Monday of every month. Some of their main responsibilities are:

1. To select the superintendent and support him in the discharge of his duties.
2. To adopt regulations for the accounting, budgeting and spending of all school funds.
3. To consider and act on policies for the school program.
4. To consider and adopt an annual budget.
5. To assist in determining educational objectives.
6. To approve and assist in school program evaluation.

# Carnival Highlights

This year the carnival was highlighted once again by the classes here at Highland High. A group of girls sang verses of "TURN, TURN, TURN" between each scene. Among the acts was a skit of the Gold Rush, singing of "Jesus Loves Me," dancers from the 50's, a Hula dance by Lee Ann Alexander, a Shenandoah scene, and to end the entertainment, everyone rose to sing the "BATTLE HYMN OF THE REPUBLIC" as we looked upon the Iwo Jima scene.

# Snapshots

Due to the fact that nine boys were ineligible for the Farm Skill Team this year, having already participated in that contest on the State level, and due to the fact that there were only two Freshman boys, our F.F.A. had only one Leadership team in the contests. That was the Farm Radio Team which placed first in District and second in Area II.

# BETA

The Highland Betas have enjoyed a prosperous year. They began by preparing the school grounds for the homecoming activities. They sold candy again, to help pay for some Senior sweaters. The club again got really involved in the 1977 Beta Convention in Fort Worth. Star Light was a candidate for State Beta President. The Betas had a time campaigning in Fort Worth. Lastly, we might add that this has been the biggest Beta Club at Highland.

# ANNUAL STAFF

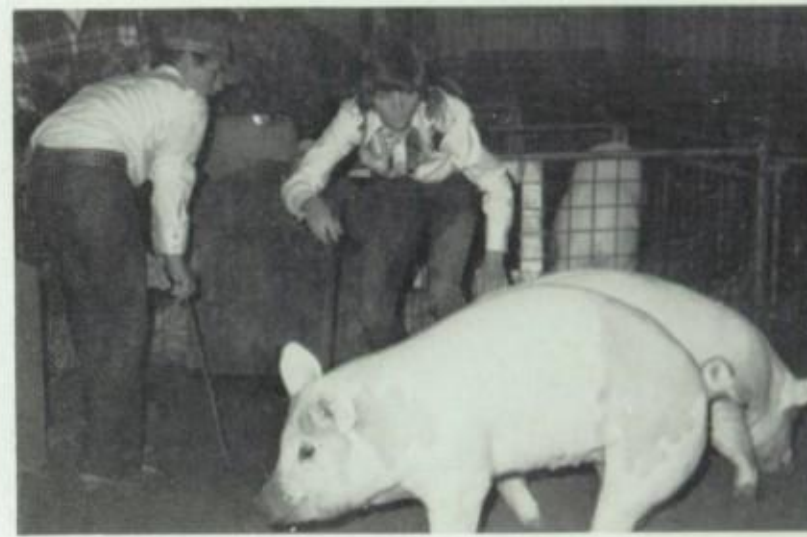

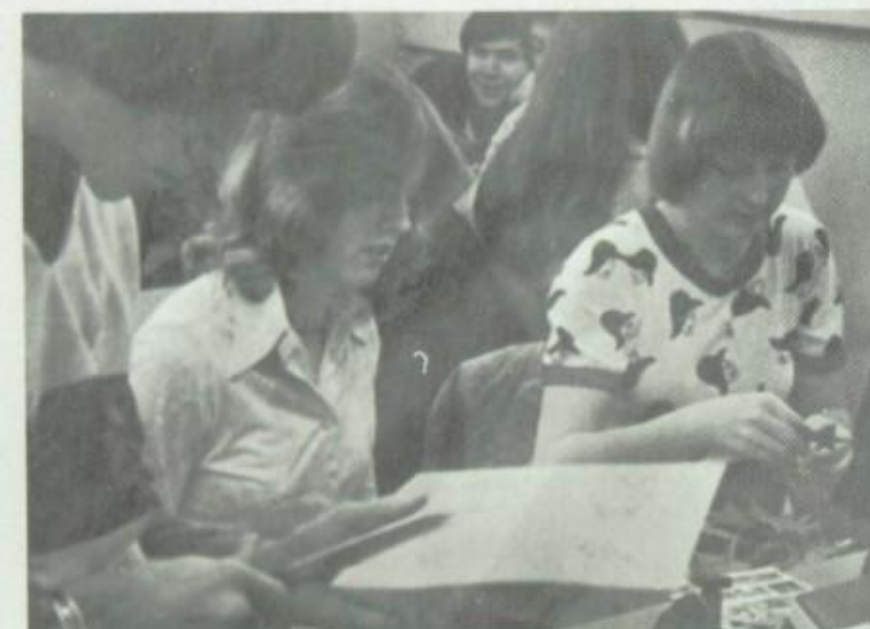

Who's got the cropper? . . . Has anyone got a cropping pencil? . . . (they were always lost); Miss Straub, have we got a picture of . . . , can we please go to lunch now? If ya'll haven't got those pages ready, I swear I'll . . . ,

That's about the story of this yearbook. There were hard times of sweating about meeting deadlines, but also good times. We hope that this book will relive the memories of our school year 76-77 for everyone that looks through it.

## ***GIRLS VOLLEYBALL***

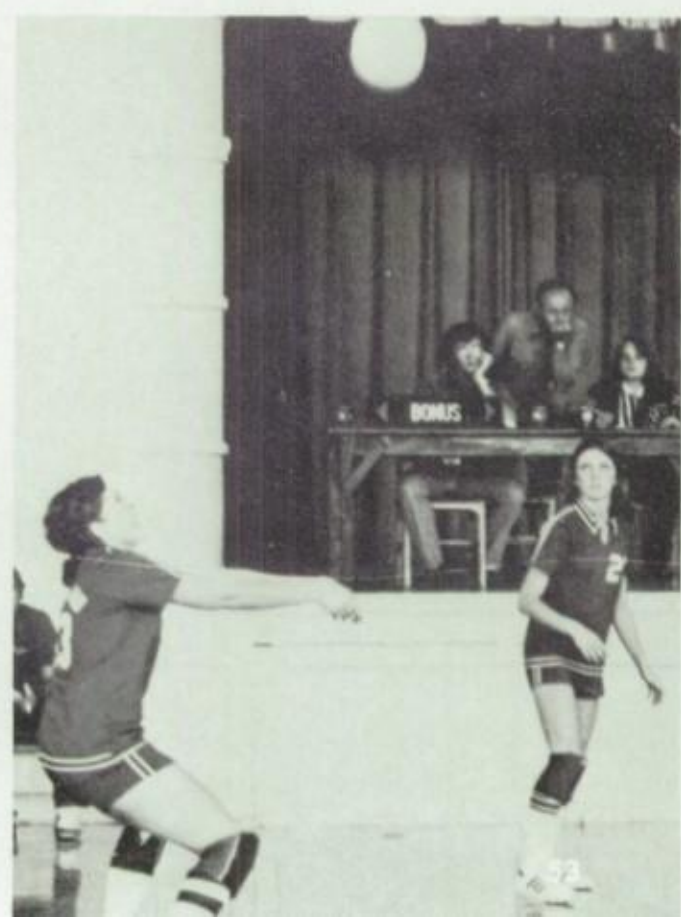

The Highland High School team was regarded highly by opponents throughout the season because of the degree of skills, power, and depth used in such an impressive winning season. The Hornet team took their loss with dignity and a sense of gain that comes only with the Highland Pride brought on by fine coaching and loyal fans. The team gained strength and experience each game. They'll be back next year, older, wiser and ready for challenge.

## Twirlers:

Head: Amy Martin

Assisted by: Debby Bankhead and Shaunna Brasuell

Drill Team Captains: Mary Reyes and Sabra Murray

# Cheering Squad

## Spirit!!!

This was the name of the game for the squad. With Homecoming to think of and a fine group of boys to cheer for, these girls had an active football season along with the boys. "Spirit" was their goal and among the most successful of their activities was the involvement of the elementary grades in a "Spirit Poster" contest.

## *High School Girls Basketball*

As in previous years, the basketball season hurried into a late start. Although the season began with tremendous spirit and great improvements, inconsistency made its mark on our playing skill. The winning season ended with a 15-8 record, and great anticipation for next year.

Our local supporters were a great asset to us throughout the year. The team greatly appreciated the support they gave us.

## *High School Boys Basketball*

The HHS Boys started the season off right with five straight wins. We were really looking forward to a great season, but our games didn't turn out as we had hoped . . . leaving us with a season record of 11 wins and 15 losses. But all in all it was a great season for everyone.

So far, my 8th grade year has been one of the best years I have ever had. As an 8th grader, you feel like you are the big shot of Jr. High, and that you have worked for a long time to get there.

Mr. Jimmy Purcell

Seventh Grade means that we had to work a long time to get this far. And, now that we have got more work than we had before. I guess we have to live with it. This year we have several teachers and we have to learn to have more than one. Being a 7th grader is fun. It means that we finally get to play on "A String" volleyball and basketball. And, finally this year we get our school jackets. This year we know more in everything we do. Especially in sports and schoolwork.

Sixth Grade is like being on top of elementary and on bottom of junior high.

- Monte Richburg

Being in 6th Grade is a great experience for me. I learn lots of new things. I like my teacher a lot. I wish I could stay in 6th Grade all the time. I like doing lots of things in 6th Grade.

Thomas Hyde is pictured with his Jr. High football team. Top row - Thomas Hyde, Ray Pantoja, Eddie Paneto, Jackie Brasuell, James Pantoja, Chris Higdon. Bottom row - Monte Richburg, Curt Fullwood, Roy Murray, Timothy Stevenson, Harold Erickson.

With Mr. Hyde as their coach and experience as their goal, this group of boys gave it all they had. They were outsized by most of the district but came out 2 and 4 for the season.

# JR. HIGH PEP SQUAD

This year the Jr. High Pep Squad was again sponsored by Miss Carol Straub (center). The outfit consisted of cheerleaders, Vickie Stewman, Lisa Thompson (head), and Regina George. Twirlers are: Susie Thomas, Janice Fullwood (head) and Deborah Higdon. Kneeling are - Rexanne George, LeighAnn McGlothin, Donna Tally, and Beth Kidd.

The pep squad this year kept themselves busy backing our Jr. High Hornets. To the right we see that the twirlers and cheerleaders are deciding on the spirit stick award.

# ***JUNIOR HIGH BASKETBALL***

## ***BASKETBALL!***

The very mention of the word brings excitement to H.J.H.! This is the most thrilling time of the year. We didn't exactly have a winning season, but we had fun!

# JUNIOR HIGH BASKETBALL

Our basketball season was really exciting this year. We had lots of fun, and we learned lots of strategy that will be very helpful in our high school years.

# JR. HIGH CROWNS:

*Football Hero —  
James Pantoja*

*Football Sweetheart  
Susie Thomas*

On this night during the chilly season, the football players and their cheering section met at halftime to elect the 1976 Football Hero and Sweetheart. As the captains made the round, they selected Susie Thomas as their Sweetheart. The two heads, Lisa Thompson and Janice Fullwood, took their turn around the group and selected James Pantoja as their Hero. Crownbearer for the night was Sabrina Garrett, daughter of Mr. and Mrs. Kenneth Garrett.

# JR. HIGH VOLLEYBALL

For the last few years volleyball has become the prominent girls' sport here at Highland. This year the Jr. High once again came out ahead in their district. At the right we see the girls looking on while Donna Tally takes it over. Below it appears that Regina is making an attempt at spiking. We will be looking for the fundamental development during their High School years.

### Our Fourth Grade Class

We have lots of fun in the fourth grade. We fly paper airplanes and make our own calendars.

When I was flying a paper airplane I hit my teacher in the back of the head. Dana said "Roses are red and violets are blue. I like peanut butter better than you." The whole class died. Now I have to go.

## AT DAY'S END

Is anybody happier because you passed his way?  
Does anyone remember that you spoke to him today?  
The day is almost over, and its toiling time is through;  
Is there anyone to utter now a kindly word of you?  
Can you say tonight, in parting with the day that's  
slipping fast,  
That you helped a single brother of the many that you  
passed?  
Is a single heart rejoicing over what you did or said;  
Does the man whose hopes were fading, now with  
courage look ahead?  
Did you waste the day, or lose it? Was it well or sorely  
spent?  
Did you leave a trail of kindness, or a scar of  
discontent?  
As you close your eyes in slumber, do you think that  
God will say,  
"You have earned one more tomorrow by the work you  
did today?"

- John Hall
